Foreword

In return to the faculty and the school for our training during our high school years, we, the senior class, offer the 1961 FALCON as a token of appreciation and devotion.

As you turn its pages, may it recall the many happy and not-so-happy memories of our high school years . . . football games . . . receptions . . . assembly programs . . . basketball . . . club meetings . . . bus rides . . . exams . . . Junior-Senior.

It is our sincerest hope that our school shall never forget us, for we shall never forget it.

Dedication

For your untiring efforts in the interest of progress for us, the students of Madison-Mayodan High School, for unwavering friendship; for being a most understanding and cheerful person; and for your helpfulness to all those who seek your aid and service, we, the SENIOR CLASS, do proudly and gratefully dedicate this 1961 FALCON to you, LORRAINE S. SCOTT, whom we all respect so dearly.

Board of Education

Superintendent

Dear Class of '61:

Your class has borne the burden of many changes - crowded classrooms . . . hopes for new buildings . . . reorganization and experimentation . . . election of local, state, and national leaders . . . pressure from the Sputnik and Communism, new interpretations of the Supreme Court . . . extensive tests . . . greater difficulty in entering college . . . etc. Under these difficult circumstances, you have given a good account of yourselves, and I congratulate you.

May these pages keep alive the memories of ALMA MATER and your dedication to our free public school system which is our hope for peace and a free world.

It is always hard to say good-bye to a graduating class. So we simply wish for you success and happiness with the hope that you will come back to see us often.

Epilogue

Happy and sad memories will be ours
At the finish of these years
Many joyful times and hours
To compensate for the tears.

Success our greatest goal
To allay our greatest fears
Hope our mighty staff
To guide us through the years.

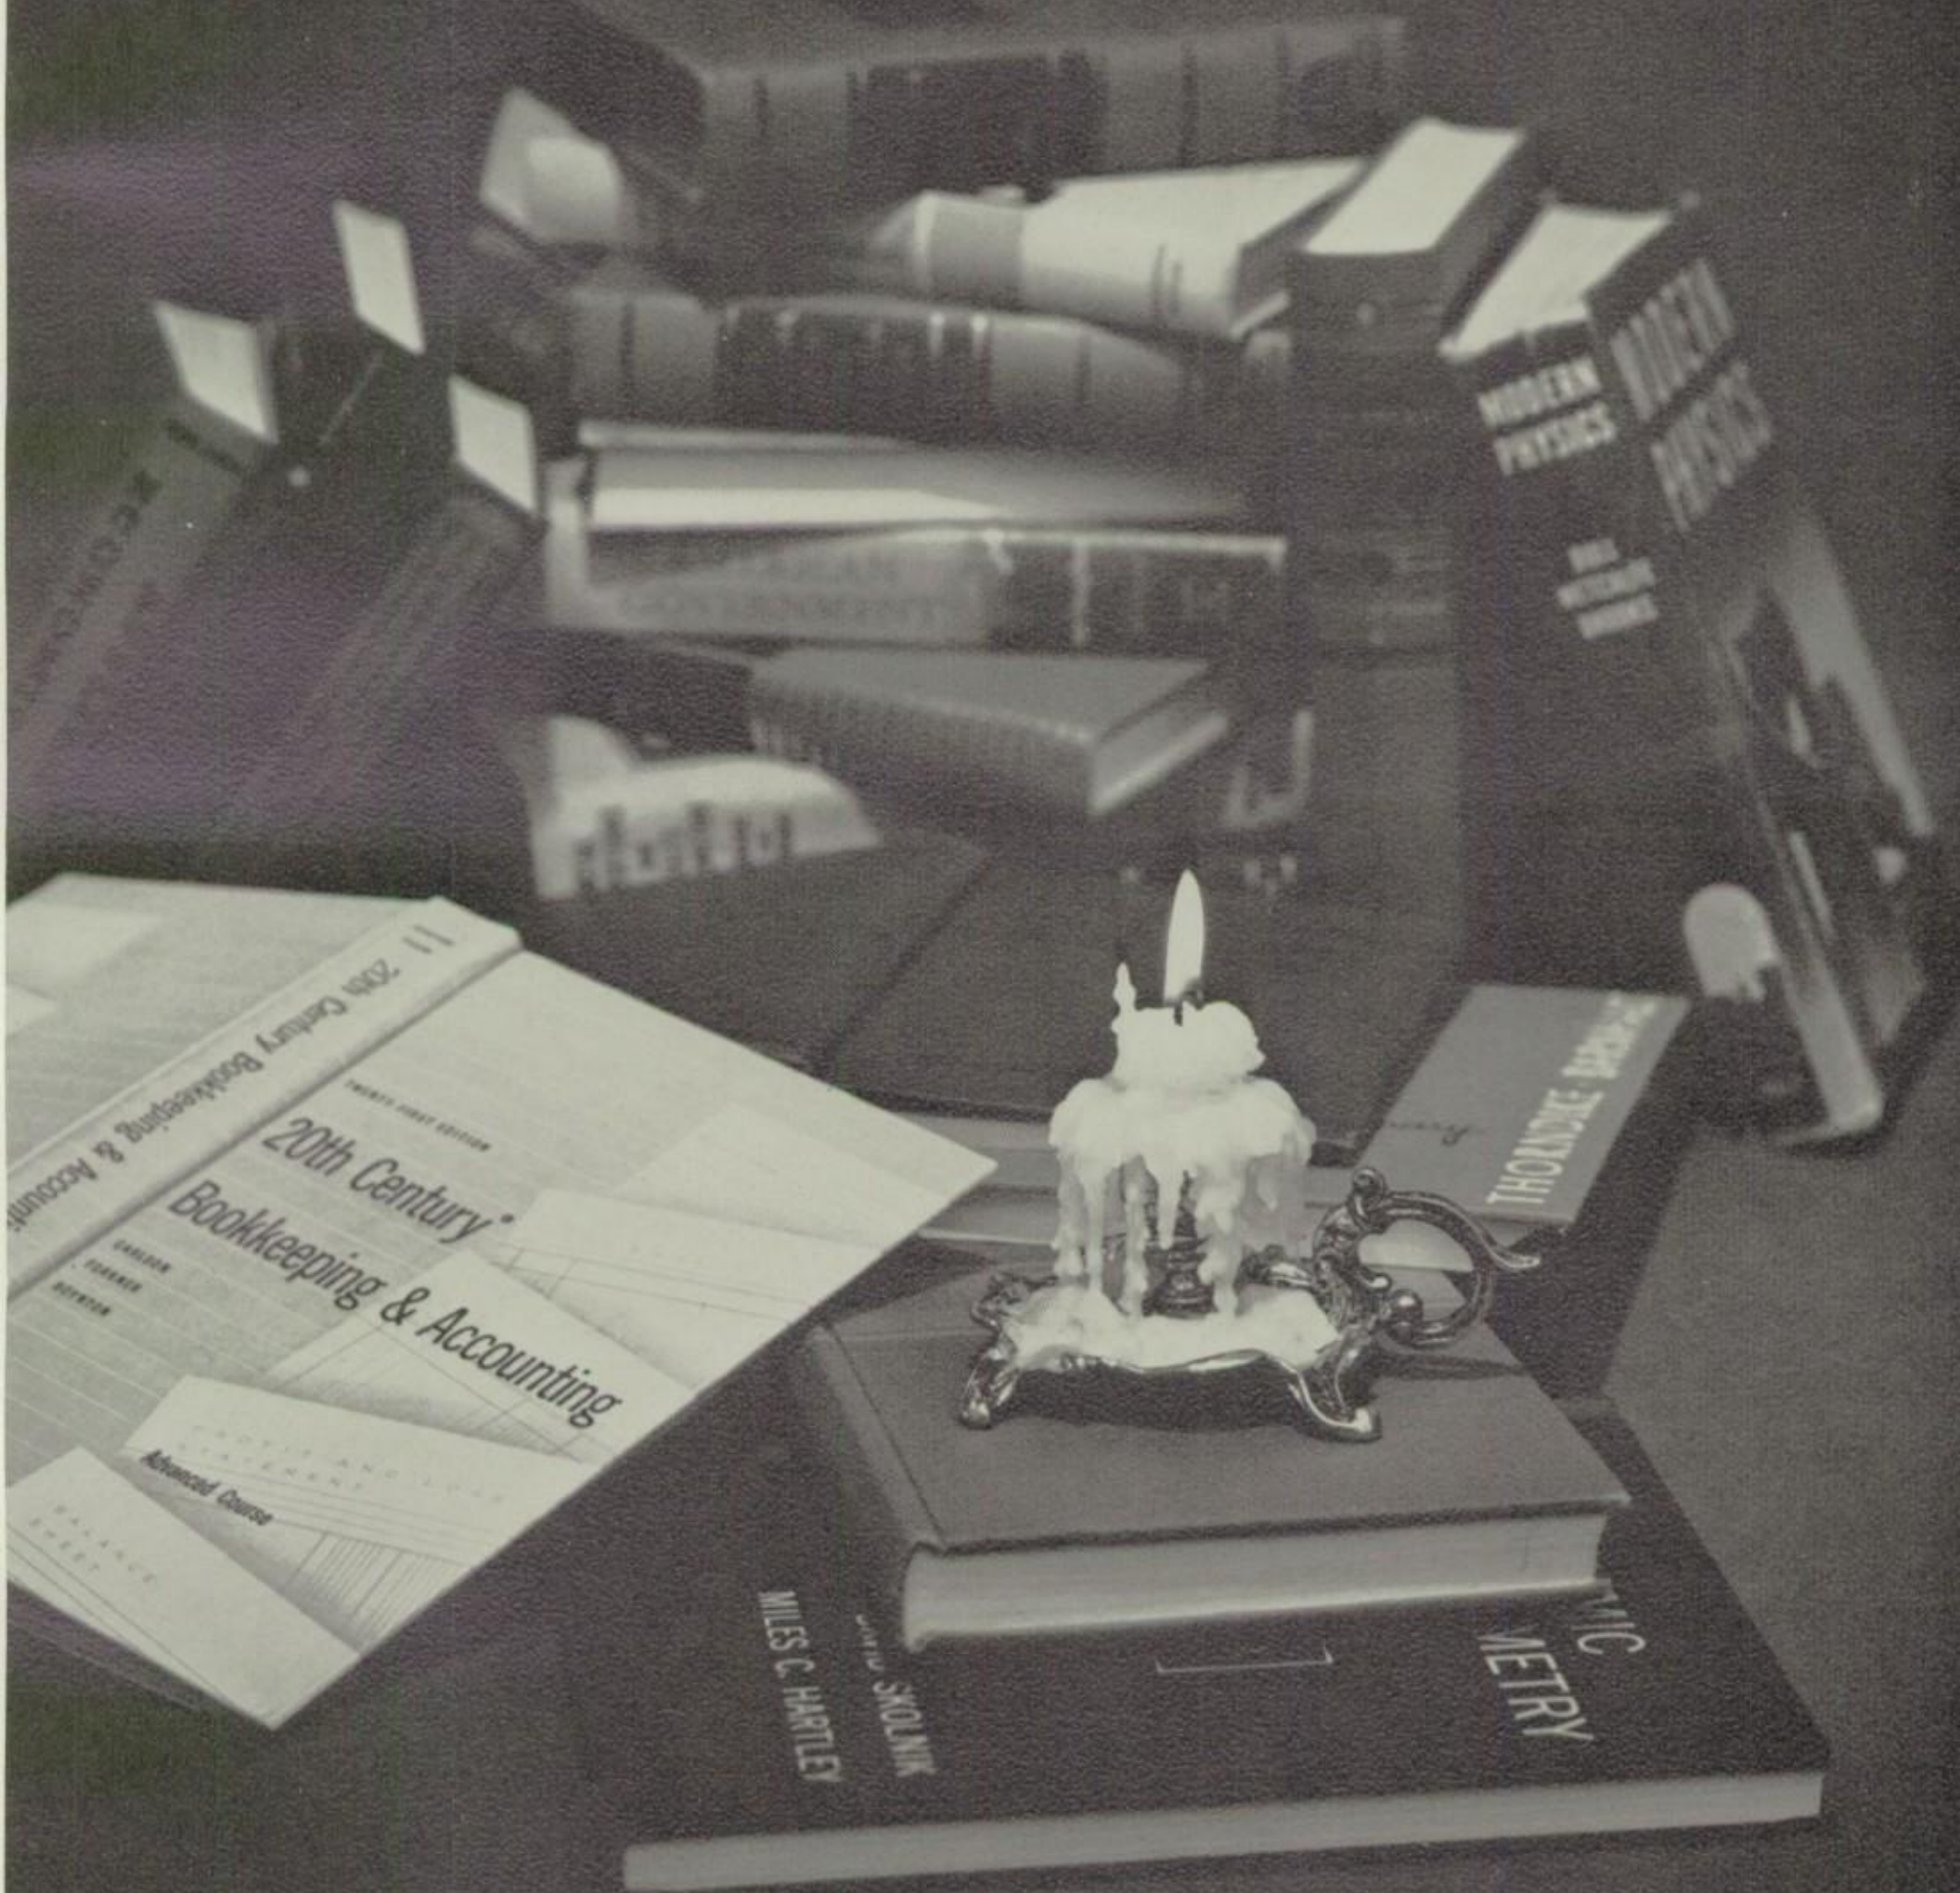

Knowledge gained by some
With Faith for strength
Meet with masked outcome
A life of unknown length.

Now at last the time has come
For us to bid farewell
Hopeful dreams shall become realities
As only the future will tell.

Class History

Freshmen at last! For eight long years we had looked forward to the day when we would be entering high school. To us nothing seemed greater. It didn't take us long to adjust to the new horizon; however, it took Miss Lou Ann Lundy, Mrs. Norma Bundy, Mrs. Doris McCollum, and Mr. Flake Reid, our homeroom teachers and principal, a little longer to adjust to 91 adventurous freshmen. As class officers we elected Tommy Van Noppen as president, Paige Dodson as vice-president, Patricia Gann as secretary-treasurer, and Brenda Manuel as reporter. Everyone was excited because this was a new experience for us. Even more exciting was the election of our homecoming candidate, Paige Dodson. It made us more than proud to see her crowned Homecoming Queen of 1958.

Summer vacation ended quickly for some but not so quickly for others. Our class had lessened by eleven students. Our homeroom teachers, Mr. Gilbert McKee, Mr. Jack Norris, and Mr. Raymond Cure were not quite so new to us. Our class officers were chosen at the beginning of another year. Jimmy Lawson was elected president, Tommy Van Noppen as vice-president, Patricia Gann as secretary-treasurer, and Floyd Gann as reporter.

The time came again for us to make our choice for the homecoming candidate who would represent our sophomore class. Patricia Gann was elected and crowned Homecoming Queen of 1959. Once again our class received the honor desired by all.

This high school year contained a few more exciting events for us. One was the sophomore-senior weiner roast which we enjoyed sponsoring. Another was the highly approved privilege of carrying the daisy chain for the seniors of 1959 on their class night.

We had finally made it. With our first door closed behind us, which was grammar school, we were all looking forward to the new experiences we would find by opening the second door - high school.

Most of us had some idea of what high school meant, but that did not

cover up the fact that we were "awkward, little infants" to our upper classmen that first year. We had a great deal of help in proving that we were more than "babies from grammar school" from our homeroom teachers who were Mr. J. C. Atkinson and Mr. Henry Whitaker. With their help and guidance we grew quite a bit our freshman year. Our class officers were: president, Louise Goins; vice-president, Velma Goins; secretary, Linda Via; and treasurer, Bonnie Creech. Our homecoming candidate for our freshman year was Bonnie Williams.

Our freshman year passed quickly for some but slowly for others, and everyone was looking forward to summer vacation. No more books and teachers for three months. Finally the day came again, September 3, 1958, and we were now in the 10th grade. We were more confident and looked forward to another happy year. Our homeroom teachers were Mr. Henry Whitaker and Mrs. Violet Suley. Our class officers were: president, Sondra Williams; vice-president, Linda Simmons; Secretary, Jo Ann Brown; and treasurer, Brenda Moore. Our homecoming candidate was Judy Shemo. By the end of our sophomore year, the halls of Mayodan High were no longer a mystery to us.

Consolidation! Our last two years of school were filled with pleasant and not-so pleasant memories. Madison and Mayodan are now joined together to form a bigger and more prosperous school. Our Junior year was filled with confusion, excitement and uncertainty. At first, with the hectic routine of riding the buses back and forth to classes at the two schools, we felt that it was senseless and that we would remain rivals. As the months passed, our friendships grew and rivalry soon ceased.

By this time we had elected our class officers who were: president, Jimmy Lawson; vice-president, Farrell Carter; secretary, Jimmy Williams; and treasurer, James Price. Our homeroom teachers were Mrs. Crews, Mrs. Thomas, Mr. McKee, and Miss Steele.

The beginning of working together as a class and sharing our responsibilities was in the preparation of our Junior-Senior Prom which was held in the Mayodan Gymnasium. The pride that we all obtained from the results of the hard work which we had rendered toward this memorable occasion made our year more successful and made us feel closer. We were more than thrilled when our homecoming candidate, Jeannie Dodson, was crowned Homecoming Queen of 1960. As our Junior year closed, each of us looked forward to coming back as Seniors with new friends and with a more confident approach than we had at the beginning of our Junior year.

Seniors! A most honorable title for us. After eleven years of waiting, we had reached the step which all of us had been looking forward to. For many, this will be the end of education; for others, it's only the beginning.

Our homeroom teachers are Mrs. Loraine Scott, Mrs. Gladys Young, and Miss Ruth McKeller. Our class officers are: president, James Price; vice-president, Jimmy Lawson; secretary, Kathy Wray; and treasurer, Pete Barksdale.

One exciting event of our Senior year will be the Junior-Senior Prom. After this the months will begin to really fly. Some are looking forward to our graduation while others are a little sad at the thought. When the day dawns we will put on our caps and gowns and walk through the memorable halls of dear-old Madison-Mayodan for the last time. As we depart our hearts will be filled with gratitude to all who have helped us reach this goal. Thanks, parents, members of the faculty, and fellow students.

Chapter 3 THE BEGINNINGS OF THE UNITED STATES IN THE

The roots of American government reach deep into the past. Our system of government did not suddenly spring into being as at the wave of some political magician's wand. Nor was it pulled out of thin air by the

Our English Heritage. The French, Spanish, Dutch, Norwegian, and other Europeans settled in every part of the New World. And it was the English who came to the United States in the largest numbers. And it was the English who came to control the thirteen colonies that stretched for 1,500 miles along the Atlantic seaboard.

These early pioneers who cleared the wilderness and fought off the Indians had to look out for their own interests in the New World. But they came here for much of greater things.

Founding Fathers of Philadelphia in the summer of 1787. They decided to write a new Constitution for the United States. We shall now discuss the story of their deliberations.

The Colonial Period The story of the United States begins with the first settlers. These people were the first to bring to this continent the ideas of a government of laws. They had learned these ideas in England. In England, the people had long been fighting for the right to elect their own representatives to make laws for them. This was the idea of a government of laws. The first settlers in America brought these ideas with them. They brought with them the idea of a government of laws. They brought with them the idea of a government of laws. They brought with them the idea of a government of laws.

SETTLERS AT WORK

Early Americans had to live together in harmony, or they would not survive. This was called "government in order to live." The beginning of our government began.

of which are to be found today in every country, from the most primitive to the most advanced. And all of these were well known in England long before the first Englishmen ever set foot in America.

(1) The Concept of Limited Government and Civil Liberties. They brought with them, too, the twin ideas of limited government and civil liberties. That is, that government is not all-powerful; that government is limited in what it may do, and, secondly, that it is limited in the sense

that each man has certain rights that government cannot injure or take away. These great principles of freedom were proclaimed in such historic English documents as the Magna Carta in 1215, the Petition of Right in 1628, and the Bill of Rights and the Act of Toleration of 1689.

(2) The Concept of Representative Government. A third vitally important concept brought to America in English ships was that of representative government. For centuries there had been developing in England the

ATHLETICS

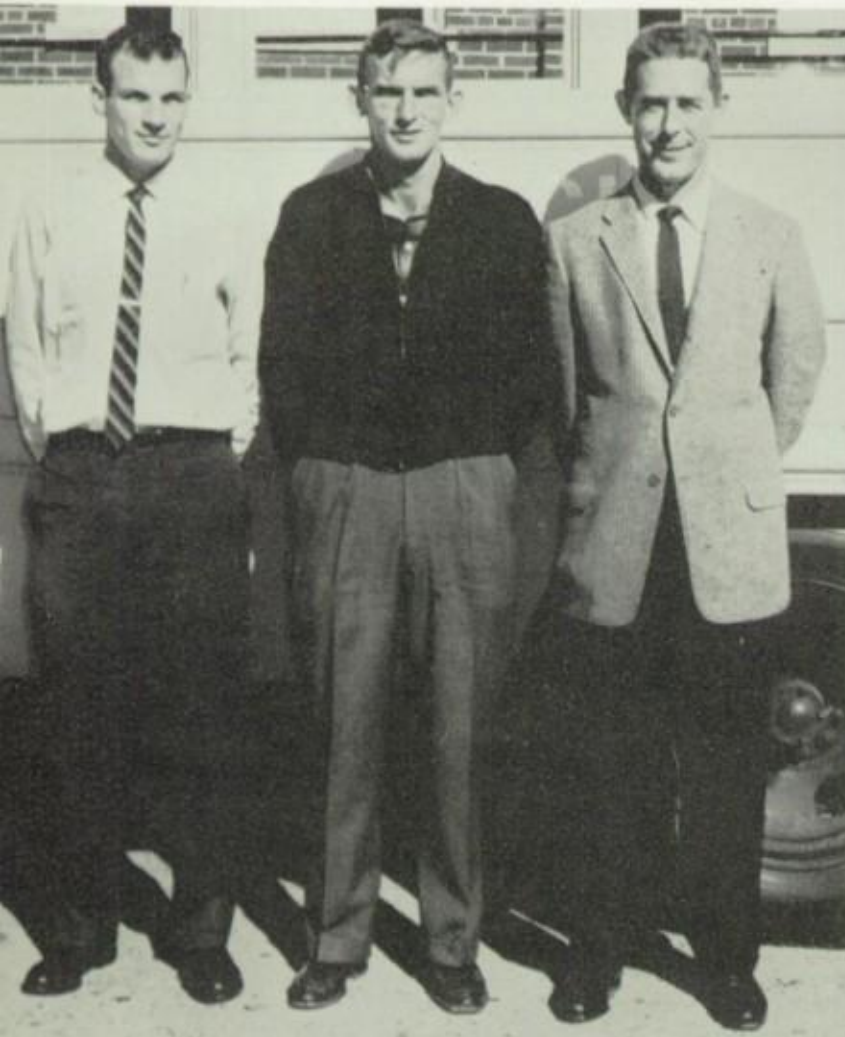

Raymond Cure

Coach Cure has taught classes and has coached teams for fifteen years at the high school in Madison, N.C. Since the consolidation two years ago, he has been head football coach. His football record for the past years is indicative of his talents as a coach. His teams have won sixty-nine games, lost fifty-seven, and tied six.

Mr. Cure graduated from Mulligan College, where he majored in biology and English. By serving as Vice-President of the Athletic Coaching Association of North Carolina in 1960, he has proven that he is indeed well known to his fellow coaches in the state.

Raymond Cure has set a fine example for his boys to follow, thus proving that here indeed is a fine man.

MEMORIES

As you come to the end of a journey
That soon will be memory lane,
You're leaving golden days behind
That will never come again.

You sadly leave the portals,
Where there's been born a dream
Which will ever keep you pressing on,
To follow, follow the gleam.

And the paths of life are before you,
Luring and bidding you on.
And you must go to take your place
In the future that you have won.

Farewell to joys of high school days,
From these you now depart.
Although you go, the memories will live
Forever in your heart.
